Artwork fabrication cost	\$85,500	
Completion date	2006	
Photos by	Kim Demuth	

Artwork statement

Triumvirate responds to the varied histories and uses of the Old Museum Building. The work echoes the polyphony of voices that emanate from within the site – personal, social, architectural and historical.

Triumvirate's three illuminated image/text panels and minimalist sound pieces offer entry points into the buildings' spaces, suggesting a vessel in which temporal and spatial memory, imagined and real, might be realised.
