Artwork fabrication cost	\$23,160
Completion date	2008
Photos by	Joachin Froese

## Artwork statement

'Readiness' in the title of this work refers both to the thorough training delivered at the Academy, equipping graduates with the skills needed to perform their roles, and to the state of permanent readiness of the services to attend and render service at various emergencies.

'Action' refers to the response role of emergency services when the training becomes second nature allowing members of the services to perform their various duties effectively. It also refers to the speed of their response to emergencies.
